Explaining the layout and content of the 40 day guides:

Down the **LEFT hand green column** is news of other global prayer initiatives that are running at the same time during the 40 day period.

The **picture of unreached groups** are 400 people groups are unique (namely 90% of the population of remaining people groups that still have no sign of progress in the Gospel taking root, namely Frontier People Groups which have NO known movements to Christ and less than 1 in 1000 Christians). On the digital version, please click on the picture to link to the profile page on Joshua Project website.

These 400 Frontier People Groups, containing nearly 25% of the world's population, are explained with videos at joshuaproject.net/frontier.

Some people have noticed that we have all Frontier People Groups (FPG) from India during the first 40 days, this reflects the reality that the majority of FPG are living in India.

Each day has a theme and a Bible Verse which can be used to turn into a prayer. A Suggestion is given in the next column.

The **last RIGHT hand column** follow a region of the world every 4 days. Perhaps you would like to pray for workers that you know in that region, or international events that effect the progress of sharing the Gospel with all peoples?
